i mean is a great game. its free i cant compail. but the thing is u need money for alot of things but u dont earn it that quick mostly of the cars you need to pay irl money.. Well, I used to play a lot, but then I quit for a few reasons, not game reasons, community reasons. The game is really good, tends to lag just a little, but it's not intolerable. The community is 90% give or take good, and there's the rest of the players that purposely bump into you, or mess you up in a rival, or cuss often, etc.. u2665u2665u2665u2665u2665u2665 game DOESNT EVEN HAVE A QUIT BUTTON. Super fun game, lots of customization and one of the best ftp games ive played :D. great game!!!. It is a drifting game, so yeah.. it has crappy handling. It is gay that you use tiers when you are practicing and if you want more tiers you ned to pay.
